- Teamwork
- Problem - solving
- Critical Thinking
- Adaptability

HOBBIES

- Internet surfing
- listening to music
- Travel

LANGUAGES

- English
- Tamil
- Telugu

PROJECT

- Developed a web-based seminar hall booking system to streamline their registration ,management and scheduling of seminars for students and faculty. The system enables users to browse upcoming seminars, book slots, receive confirmation notifications, and view booking history. Admins can create, update, and monitor seminars, manage participant lists, and generate reports. Implemented using [Tech Stack, e.g., HTML, CSS, JavaScript, node.JS ,mongo DB], ensuring a user-friendly interface and secure data handling.
